

CERTIFICATE

The Bulgarian Association in the Atomic Industry

certifies that:

ECOL Sp. z o.o.

NIP: PL6420000576 | KRS: 0000060857

ul. Podmiejska 71A, 44-207 Rybnik, Poland

is a

Full Member

of the Bulgarian Association in the Atomic Industry

Specialized Oil & Lubrication Services:

Comprehensive lubrication management for turbogenerators, reactor auxiliary equipment, pumps and heavy rotating machinery; hydrodynamic flushing and high-velocity oil system cleaning; chemical and foam cleaning of thermal, cooling and industrial process systems.

Advanced Oil Diagnostics & Laboratory Analysis:

Predictive maintenance and condition monitoring based on physicochemical oil testing (ISO/IEC 17025 accredited laboratory); early detection of machinery wear, contamination and thermal degradation; Total Fluid Management (TFM) and online condition monitoring.

Distribution of Specialized Lubricants:

Supply and technical advisory of specialty lubricants, synthetic turbine oils and greases engineered for extreme radiation, high temperatures and severe operating environments in nuclear installations.

Bojurishte, 07.09.2026

Chairman of the Managing Board:
Eng. Angel Filipov
